INTERNAL MEMO

Dear Sir,

RE: Request for license approval of E-Space Africa Ltd for the usage of radio frequencies in the provision of satellite-based services for the year 2025

Reference is made to the letter Ref: 001/E Space Africa Ltd/2025/01 dated January 06th, 2025 from E-Space Africa Ltd submitted requesting for the renewal of their license for the year 2025.

Their application was processed, approved and the required fees were paid in CLMS system but this license has no license conditions as required by E-Space Africa Ltd. Currently, the regulation governing the use of radio frequency in satellite regulation has not been approved as we wait the completion of MoU with Rwanda Space Agency.

It is in this regard therefore that we are submitting the draft license to be granted to E-Space Africa Ltd for your approval and signature.

Sincerely,
